5. In Luke 8:54, the Bible says Jesus “put them all out.” Since Jesus is our example, can we anticipate that we may have to “put them out” (friends, relatives, other Christians who do not believe God in the is area) in order to affect healing? Yes or No. Please explain and share whether you believe you have the courage to do this? Is this something we need to work toward?

6. If God does something great for us, but tells us not to tell it, what should we do? Why?

7. What do we see in every instance of healing to date? H_____ Do we deserve healing because of our good works? Yes or No. Does God owe us when we have been faithful to serve Him for many years? Yes or No. We must:

- b. Depend on God’s g_____

- c. Have some f _____
- d. Believe we r _____

Do preachers, including people God has used to heal others, have to do this same thing? Yes or No. Everyone can receive by g _____ t _____ f _____.

9. In Mark 4:24 NLT, JESUS said, “Pay close attention to what you hear. The closer you listen, the more understanding you will be given—and you will receive even more.” In other words, according to Rev. Moore, the more respect you give to what you hear, that’s the greater measure of life and anointing and healing you’ll get out of it. If we'll do this, sooner or later, those reports will h _____ t _____ ag _____ w _____ H _____ re _____. We must not fall out of faith because the natural report is not what we hoped or is much worse than we hoped.
